## Garantie moulinet Hardy

Tous les moulinets Hardy Bouglé bénéficient d'une garantie limitée à 5 ans selon les termes présentés ci-dessous.

- La garantie fonctionne à partir du moment où le moulinet présente un défaut de fonctionnement ou un défaut au niveau de sa conception. La garantie est valable pendant 5 ans à partir de la date à laquelle vous avez acheté votre moulinet.
- Cette garantie s'ajoute à vos droits statutaires par rapport aux produits défectueux.
- Il est très important de bien enregistrer votre moulinet sur notre site Internet [www.hardyfishing.com](http://www.hardyfishing.com) dans un délai maximum de 60 jours après votre date d'achat de manière à faciliter ensuite le processus de réclamation.
- Cette garantie ne couvre pas les dommages causés en raison d'une mauvaise utilisation du moulinet, d'une négligence, d'un défaut d'entretien. Cette garantie ne couvre pas non plus l'usure normale du moulinet.
- Si vous souhaitez avoir d'autres détails plus complets sur cette garantie ainsi que sur les démarches à suivre en cas de réclamations, merci de consulter notre site Internet [www.hardyfishing.com](http://www.hardyfishing.com) com ou le service client situé à proximité de chez vous.

Sachez que nous sommes aussi en mesure de vous proposer une extension de garantie au cas où votre moulinet aurait un souci à l'issue des 5 années qui ont suivi la date à laquelle vous l'avez acheté. Dans ce cas, merci de contacter le service client (détaillant) situé à proximité de chez vous pour avoir plus de détails.

## General Care

The same method of cleaning is valid for all reels in the Bouglé reel range.

- 1— Remove line and backing.
- 2— Remove the spool.
- 3— Flush away dirt by placing the spool and frame under a stream of fresh water.
- 4— Dry carefully with a lint free cloth.
- 5— Lubricate with a good quality oil at the points illustrated on the diagrams.

### Revolving pillar maintenance

At least once per season, remove the pillar screw using a good fitting screwdriver. Using a good quality water repellent grease, lubricate the shaft of the screw and replace. Wipe off any excess with a cloth.

- 6— Always ensure the spindle is adequately greased.
- 7— Always turn the click-check to the minimum setting to avoid compression of the springs.
- 8— Always ensure the reel and line are dry before storing in the case or pouch.

## Removing the Spool

### Spool dismantling procedure

- 1— Remove the locking screw using a good fitting coin or screwdriver, turn locking screw clockwise to remove.
- 2— Rest the palm of your hand against the face of the spool, turn

winding plate anti-clockwise to remove from spool. The spool, winding plate and frame should all be separated at this point.

To re-assemble the spool please reverse the above dismantling procedure.

## Change your reel from left to right hand wind

All Hardy Bouglé reels are designed to work in right or left hand wind. When you receive your reel, it will be set for left hand wind.

### To convert your reel to right hand wind:

- 1— Remove the plate and spool out of the frame by following the spool dismantling procedure described previously.
- 2— Pick up the frame so that the mechanism is visible.
- 3— Remove stop screw and collar from above LH tongue (4" model only).
- 4— Using your thumb and forefinger, switch the left hand tongue into the off position.
- 5— Using your thumb and forefinger, switch the right hand tongue into the engaged position.
- 6— Replace stop screw and collar above RH tongue (4" model only).
- 7— Replace the plate and spool on to the frame – your reel should now be right hand wind.

## Bouglé click check mechanism

The click-check mechanism can be adjusted by simply turning the regulator wire on the side of the frame, anti-clockwise to increase the check, clockwise to decrease the check. When the reel is not in use, the check should be turned to the minimum setting (not applicable to the Bouglé Baby model).
